

Saskatchewan Workers' Compensation Board

Statistical Supplement 2020

How to read the Statistical Supplement

This statistical supplement is designed to provide the number of workplace injury claims reported and accepted as valid in 2020 (as of January 31, 2021). Using workplace injuries reported in the current year allows us to capture the following information:

- 2020 workplace injury activity.
- Representation of the number and types of claims that the Saskatchewan Workers' Compensation Board (WCB) is actively handling.
- Workplace injury numbers, severity and the type of workplace injuries in the year registered.
- 2020 industry and occupation workplace injury data.

Definitions:

Cancelled - Claim was a duplicate of a claim already set up in our system.

Self-Insured - All federal government workers employed in Saskatchewan.

Disallowed - Claim not acceptable under *The Workers' Compensation Act, 2013*; or coverage not provided under *The Workers' Compensation Act, 2013*; or claimant did not reply.

Fatality - Accepted claim where worker died due to workplace injury.

N.E.C. - Not Elsewhere Coded.

No Time Loss - Accepted claim where no time was taken off after the day of injury, or where the only time taken off was for medical appointments.

Pending - Entitlement decision not completed.

Permanent Functional Impairment - A permanent adverse reaction in a worker as a result of work injury which interferes with the normal performance of the worker's body or mind.

Time Loss - Accepted claim where worker had to take time off work after the day of injury. Time taken off for medical appointments does not result in a claim being considered a time loss claim.

Twelve Month Window - A twelve (12) month window uses January to December of the claims' reported year to capture duration.

Unassigned - Claim cannot be attributed to a specific firm or industry

Uns. - Unspecified.

Year Registered - Year claim was registered.

Injury Rate equals number of claims divided by the number of workers covered.

Number of workers covered is calculated by dividing assessable payroll by the Statistics Canada average weekly wage for each rate code.

* All Class Injury Rate excludes self-insured claims and workers.

Average Claim Duration and Average Cost per Claim, 2016 to 2020

1 Average duration in days equals total days lost divided by claims with time lost.

2 Average cost per claim equals costs of new time loss claims divided by new time loss claims registered. Time Loss claims include fatalities registered in this year.

* All Class Durations excludes self insured claims and workers.
