Workers' Compensation: Your System - Your Way

An aerial photograph of a winding asphalt road that forms a large, stylized letter 'S' or '3' shape. The road is surrounded by a dense, lush green forest. In the center of the road's curve, there is a landscaped area with greenery and a small pond. Several cars are visible on the road, and a tall streetlight stands near the center of the curve. The text "Where you are on the journey?" is overlaid in white, bold, sans-serif font across the middle of the image.

Where you are on the journey?

Here's what WorkSafe does to promote safety in Saskatchewan

Work²Live

You have the right to:

- 1 KNOW** the hazards at work & how to protect yourself.
- 2 PARTICIPATE** in health & safety activities at your work.
- 3 REFUSE** work which you believe is unusually dangerous.

To report dangerous work in progress, call Occupational Health & Safety at 1.800.567.7233

WORKPLACE VIOLENCE PREVENTION
in Canada

Whenever people interact, there is the potential for violence.

Workplace violence can affect ALL employees and is an important issue for all types of workplaces.

Did you know...?
Employers have a legal obligation to prevent workplace violence

Every Canadian jurisdiction has its own occupational health and safety legislation
