

Service fee and fee codes for Saskatchewan Workers' Compensation Board kinesiologist service providers

The following WCB fees and fee codes are to be used to bill for services provided to WCB clients by kinesiologists accredited to provide primary level services to WCB customers. Prorated service fees, billed as 10-minute units of care, will be rounded up to the next full 10-minute unit of care. One intervention in the WCB's soft tissue guidelines is equal to one unit of care. The rounding privilege will be utilized in an ethical manner. Double billing of any portion of a unit of care will not occur.

Where a prorated fee is indicated, **the provider will bill using the major portion thereof method.** At least half of the minimum time stated in the code must have elapsed for the additional unit to be billed.

For all time-based fee codes, the chart notes must include start and end times. The WCB retains the right to audit the records and invoices of care providers who have provided services to a WCB customer.

- There is a **collective minimum**, including the biomechanical provider and kinesiologist time, **of 20 minutes and up to 60 minutes per day** as indicated in the fee codes identified by an asterisk.
- There is a collective **weekly limit**, including the biomechanical provider and kinesiologist time, **of 120 minutes per calendar week for workers working full hours (excluding treatment time)** as indicated in the fee codes identified by an asterisk.
- There is a collective **weekly limit**, including the biomechanical provider and kinesiologist time, **of 180 minutes for workers not back to full hours (excluding treatment time) in the workplace** as indicated in the fee codes identified by an asterisk.
