

Exercise therapists service fees and fee codes

The following WCB fees and fee codes are to be used to bill for services provided to WCB clients by exercise therapists accredited to provide primary level services to WCB customers. Prorated service fees, billed as 20 minute units of care, will be rounded up to the next full 20 minute unit of care. One intervention in the WCB Soft tissue guidelines is equal to one unit of care. The rounding privilege will be utilized in an ethical manner. Double billing of any portion of a unit of care will not occur.
